

## Orange Frothy

11-May-2022

Level: Easy

Serves: 6 to 8

Prep Time: 5 minutes

Cooking Time: -

14 to 16 ice cubes

1 (12 fl. oz.) container 100% Orange Juice Frozen Concentrate (Pulp-Free)

2 cups whole milk, cold

2 cups cold water

$\frac{1}{2}$  cup (or less) white granulated sugar (see Notes)

2 tsp. pure vanilla extract

Fresh orange slices, for garnish (optional)

Add all ingredients except for orange slices to a high powered blender (see Notes below). Blend until ice is crushed. Pour into tall glasses, garnish with orange slices if desired, and serve immediately.

### Notes:

- For a less sweet taste, start with  $\frac{1}{4}$  cup sugar then add more to your liking.
- I used a Ninja® Professional Blender with a 72 oz. pitcher that has a max liquid capacity of 64 oz., which accommodated all of the above ingredients after blending. Half or adjust the recipe if you have a smaller blender.
